Designed for the professional carpenter and remodeler, the M18 FUEL™ 165mm Track Saw from Milwaukee® delivers the Power to rip solid hardwoods, over 90% dust collection efficiency while providing the portability and precision users demand from a Track Saw. The Powerstate™ Brushless motor provides 6,300 RPM for finish quality and clean cuts. REDLINK PLUS™ intelligence ensures maximum performance and protection from overload, overheating, and over-discharge. The saw features a variable speed dial allowing for setting the speed of your application. The smooth, pivoting plunge motion allows for precision plunge cuts with an accurate depth of cut.

Features:-

- POWERSTATE™ Brushless Motor. Purposely built for the M18 FUEL™ Track Saw to provide the power and speed to complete demanding applications with finish quality cuts.
- REDLINK PLUS™ Intelligence: Ensures optimal performance and provides overload protection to prevent damage to the tool and battery during heavy applications while still maintaining compatibility across the entire M18™ System.
- Smooth plunging action for easy plunge cuts
- Variable speed dial for setting blade RPM to your application
- Adjustable cam system to allows user to dial in track to rail fitment for laser straight cuts
- Riving knife keeps materials from pinching on blade and reduces kickback
