The REDLITHIUM™ USB Utility Hot Stick Light sets a new standard for inline hot stick lighting for faster and easier fuse cutouts. The utility hot stick light has two separate LED lights providing you with 350 lumens of TRUEVIEW™ High Definition lighting. Adjustable output levels give linemen the ability to run the for up to 8 hours off one full battery charge. The hot stick light is built to survive in the toughest conditions and features a high-impact aluminum body with a 12 metre drop rating and IP54 rating for water and dust protection. The REDLITHIUM™ USB Utility Hot Stick Light is powered by the REDLITHIUM™ USB 3.0Ah Battery, providing all-day run-time, more recharges, and 3x faster charge time. The Milwaukee REDLITHIUM™ USB Battery can be recharged in the flashlight via Micro USB or swapped out with additional REDLITHIUM™ USB Batteries for virtually no downtime. The MILWAUKEE® Utility Hot Stick Light is backed by a 5-yr tool warranty, and a limited lifetime LED warranty.
