Product Width	266 mm
Product Height	311 mm
Packaging + Shipping	
Shipping Weight (Gross)	2.3 kg

The CABLE DRIVE™ Assembly for the M18™ Brushless Compact Drum Machine (47532816) provides you with the ability to automatically feed and retract cables through 32 mm to 101 mm (1-1/4" to 4"), at up to 4.5 - 6 metres per minute. The ratcheting lever automatically adjusts for the 9.5 mm and 12.7 mm inner core drain cleaning cables. The RAPID STOP™ release of steel bearings provides a quick way to release the cable once the blockage is reached, preventing the cable from binding. The twist-lock feature allows the CABLE DRIVE™ Assembly to be easily swapped between drums for maximum efficiency.

Features:-

Compatible with the M18™ Brushless Compact Drum Machine
 Ratcheting lever automatically adjusts to the cable diameter
 Allows for manual feeding and retracting of cable if needed
 Twist lock attachment allows for CABLE DRIVE™ assembly to Be Easily Removed
 Feeds and retracts cable up to 4.5 to 6 metres per minute
