The redesigned CRESCENT Grip Zone Slip Joint Pliers offer improved jaw geometry and a unique tooth design for better grip and more torque with less effort. A concave rubber grip area integrated into the handles holds chrome pipes and fixtures without mar

Grip Zone non-marring gentle grips. Concave rubber grip area won't mar delicate finishes

Unique tooth design, angled for better grip and increased torque

V-jaws provide better grip on various shapes

Alloy steel construction with induction hardened teeth for maximum durability

Exposed steel handle tips designed to prevent grip pull-off and allow for removing and tightening tub drains

Nail pull and grip feature milled perpendicular to the teeth grips nails and allows for wire twisting

Integrated wire cutter

1-1/2" jaw capacity

Cushion grip for improved ergonomics
