

BLOCK TORPEDO & 360° LEVEL SET MILBTMLS BY MILWAUKEE**\$59.95 inc. GST**

Milwaukee® Block Torpedo and 360° level sets includes a Block Torpedo which features SHARPSITE Magnified Vial Technology for an accurate, clear reading from any position. As well as a 360° Pocket Level offering users a compact, yet heavy duty alternative to current protractors and angle finders, while also functioning as a traditional pocket level for quick checks. The 360° adjustable vial on both of the levels allows the user to set or identify any angle, and locking feature ensures all day accuracy when the level is taken in and out of pockets and pouches. They have amplified rare earth magnets attach to metal materials delivering strong holding power. They both offer heavy duty die cast aluminium frame and drop prevention loop ensures lifetime durability and jobsite safety.
