Warranty	5 Years
Packaging + Shipping	
Shipping Weight (Gross)	0.91 kg

The M12 FUEL™ 3/8" High Speed Extended Reach Ratchet is the latest addition to Milwaukee's battery-powered ratchets. The M12 FUEL™ ratchets provide fast cordless speed with a slim head profile and an extended neck that will provide more access in tight spaces. Simultaneously, the recessed forward-reverse shift knob allows users to easily switch between tightening or loosening fasteners. The 3/8" Ratchet provides performance of up to 47.5 Nm max torque, the same torque output as the M12 FUEL™ High Speed Ratchets. The High-Speed Extended Reach Ratchets feature an Investment Cast Steel Yoke housing and a POWERSTATE™ Brushless Motor that delivers great durability. The cordless ratchet features built-in REDLINK™ tool technology to help users reduce fatigue and increase productivity.

Features:

Delivers 450 RPM under load.

Extended reach and small head size paired with compact yoke housing allows for easier access in tight spaces.

Recessed forward-reverse shift knob allows users to easily shift between fastening and tightening task without reducing access capabilities.

Higher speed increases productivity and reduces user fatigue by minimising time spent handling tool in tight spaces.

Up to 47.5 Nm of maximum torque output.
