MILWAUKEE® Orbital Detail Sander Pad is a orbital sander replacement pad designed for use with the M12 FUEL™ Orbital Detail Sander (M12FDSS0). The orbital sanding pad features a bend-resistant design and premium hook and loop backing to deliver increased durability across a wide variety of materials on the jobsite. The unique shape provides sharp, straight edges for greater accuracy and access into tight corners. The pad is exclusively compatible with our full lineup of Milwaukee sandpapers and accessories.

Features:

Designed for use with the M12 FUEL™ Orbital Detail Sander (M12FDSS0)

Bend-resistant design and premium hook and loop backing delivers increased durability

Compatible with Milwaukee POWERGRID™ Mesh Net Sandpaper and accessories

Unique pad shape provides sharp, straight edges for greater accuracy and access into corners
