Shipping Weight (Gross)	0.84 kg

The M12 FUEL™ Bandfile 10mm is a cordless bandfile that delivers pneumatic performance, size, and features for professional automotive, industrial, and metalworking users. The MILWAUKEE® Bandfile delivers fast spot weld removal by leveraging the POWERSTATE™ Brushless Motor Technology. The cordless bandfile offers maximum control with two-speed settings for precision tasks and larger material removal requirements. The Forward/Reverse function and variable speed trigger offers maximum control in tight spaces. The Lock-on button assists with reducing user fatigue when required to performs larger material removal tasks over extended periods. The Milwaukee M12 FUEL Bandfile has a Tool-Free 360° Arm Rotation, providing optimal mobility & access.

Features:

Delivers similar performance to pneumatic and corded tool offerings.

2-Speed variation

Mode 1: Suited to precision applications, and Mode 2: suited to larger material removal requirements.

Forward and Reverse functionality offers maximum control in tight spaces.

Variable speed trigger allows for feathering of trigger. Lock-on function reduced user fatigue during extended periods of material removal.
