Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Bosch Expert Tough Material Hole Saw Set 14pce.

Extreme durability is built in with Bosch Carbide Technology – the hardest metal is integrated into the tooth structure using advanced design and manufacturing techniques. Teeth are made from very hard Carbide by using the finest grains. They are individually shaped and sharpened for top performance. Patent slot design for better view and plug ejection. The hole layout helps you accurately position the guide drill and also aids plug removal.

Lasts up to 50 x longer than a BiMetal hole saw in tough materials like Brick, Drywall, Fibre cement boards, Plastics, Soft tiles, Stainless steel sheets, WPC Wood plastic, Wood and metal.

Extreme durability is built in with Bosch Carbide Technology. Patent slot design for better view and plug ejection.

Comes in a Robust Case.
