Shipping Weight (Gross)	1.48 kg

The M12™ PACKOUT™ Area Light provides maximum output in a compact and easy to transport design. Our compact and portable flood light delivers 1,400 lumens of TRUEVIEW™ high definition output and is top stack compatible with our PACKOUT™ Modular Storage System. The light head can rotate 300 degrees horizontally and 180 degrees vertically for complete light head control. With three different modes (high, medium, low), output and runtime can be adjusted depending on the job, with up to 17 hours of runtime on a M12B6. Also included in this light is built-in storage with two storage containers to optimise space and organisation. The PACKOUT™ Light allows you to charge devices with the 2.1AMP USB-A and USB-C ports whiles storing small items inside the storage compartment. Built to withstand the toughest conditions this light is IP54, drop-rated, and covered with a 5-year tool and limited LED warranty.

Features:
300° of horizontal rotation
180° of vertical rotation
Low profile internal storage
USB-A and USB-C charging ports
Compatible with the Milwaukee PACKOUT Modular System
3 modes to manage lumen output and runtime
Pivoting battery housing for easy battery installation and removal
