Warranty	1 Year
Packaging + Shipping	
Shipping Weight (Gross)	1.3 kg

The M12™ Heated AXIS™ Vest delivers heat built for lightweight durability. Powered by M12™ REDLITHIUM™-ION Battery Technology, this three-panel hooded jacket features an advanced heat technology system utilizing carbon fiber heating elements to create and distribute heat to the chest, back and shoulders. A single touch LED controller heats up the battery heated jacket to three heat settings, creating a comfortable heat for any environment. A hidden battery pass-thru pocket construction allows for front or back battery placement, increasing comfort and versatility depending on the situation. With re-engineered AXIS™ Ripstop polyester fabric, the MILWAUKEE® vest protects users from abrasion and prevents tears from spreading in harsh jobsite conditions.

Features:

One-touch LED controller with (3) heat settings per zone (High, Medium, Low)

2 Heat Zones: Chest and Back

Up to 8 hours runtime when used with M12™ REDLITHIUM™-ION 3.0Ah battery pack

TOUGHSHELL™ stretch polyester provides maximum life as well as wind and water resistance

Front or back pocket battery placement

Washer and dryer safe
