Powered by M12™ REDLITHIUM™-ION Battery Technology, the M12™ Heated Hoodie provides heat built for complete comfort. Using a one-touch LED controller, the advanced carbon fiber heating elements create and distribute heat to the chest and back. A hidden battery pass-thru pocket construction allows for front or back battery placement, increasing comfort and flexibility depending on the situation. Combining a durable cotton/polyester fleece and comfortable jersey lining, this hoodie provides a versatile three-season solution to keep heat in and not add bulk.

Features:

One-touch LED controller with (3) heat settings per zone (High, Medium, Low)

2 Heat Zones: Chest and Back

Up to 8 hours runtime when used with M12™ REDLITHIUM™-ION 3.0Ah battery pack

Waffle weave thermal lining traps heat and provides increase warmth and comfort

Fitted hood provides full range of vision when worn under a hard hat

Reinforced pocket edges prevent fraying and tearing from extended use

Water and wind resistant

Washer and dryer safe
