Brand	Makita
Size	355mm (14") x 3mm x 25.4mm
Packaging + Shipping	
Shipping Weight (Gross)	0.48 kg

Get superior performance for your cut-off saw with the Makita 14" 355mm - 30 Grit Thin Cut-Off Wheel for Metal Cutting. This wheel cuts faster and more cuts per charge than competitive metal cut-off wheels when used with Makita cordless cut-off saws. An aluminium-oxide construction reinforced with a resinoid bond provides faster cutting and longer life. A special additive to the rim bond reduces heat during a cut, thereby improving cutting performance and reducing clogging. It is designed to work with Makita 14" 355mm Cut-Off-Saws.

Features
