The Milwaukee Canvas Utility Bucket is designed to offer and assist users in maximising productivity on the job. The swivelling carabiner offers easy attachment as the large gate opening allows users to clip it into place in any work environment. The Built-in weep holes allow water drainage after extended jobsite use, which reduces damage and increases the life of the canvas utility bucket. For added user benefits, the canvas utility bucket has an impact-resistant base and is made out No.6 canvas for greater durability. The reinforced ring keeps the bag open for a longer-lasting storage solution and is rated to hold up to 34kgs.

### Features:
