Crescent has brought market leading innovation to a number of hand tool categories, and now brings leading innovation to our line of professional hammers. A forged steel head with Vibeguard technology makes these hammers best in class at vibration reduction. These hammers are also precisely balanced for better swing force and better accuracy each swing.

Features:

Utilizes vibration dampening slot technology, coupled with a vibration control handle made from proprietary materials to minimize vibration when striking by 70%

Optimized strike face with 15% larger sweet spot to prevent miss hit and provide greater impact

Magnetic nail starter holds nails securely under the hammer head for quick and easy one hand nail starting

Specifications:
