Brushless Motor	✓
Speed Range	7,700RPM
Dimensions	
Product Weight (Net Weight)	3.8 kg
Packaging + Shipping	
Shipping Weight (Gross)	3.8 kg

The M18 FUEL™ 12" (305mm) Top Handle Chainsaw provides users with fast cut speeds and the power to cut hardwoods, while eliminating the headaches associated with petrol engines. The chainsaw is designed to meet the performance, durability, and ergonomic needs of the professional arborist, power utility linesmen, and landscape maintenance professional. M18 FUEL™ technology allows the saw to reach full throttle in under 1 second, providing the user ultimate control and fast application speed. The POWERSTATE™ Brushless Motor maintains speed under heavy loads without bogging down. The chainsaw eliminates the headaches associated with petrol engines, such as pull starts, high noise levels, emissions, and regular engine maintenance. The REDLINK™ PLUS Intelligence enables full-circle communication between the tool and battery, providing the user with maximum levels of performance, protection, and productivity. Optimised for REDLITHIUM™-ION HIGH OUTPUT™ batteries, when paired with an 8.0Ah battery (sold separately), the saw delivers up to 150 cuts per charge in 4" x 4" (102mm) cedar. The saw has a professionally demanded feature set including an easy access chain tensioner, automatic oiler, metal bucking spikes, onboard scrench storage, lanyard loop, and climbing scabbard.

Features:

POWERSTATE™ Brushless Motor delivers the power to complete cuts in demanding applications providing up to 2.1

hello@beyondtools.com

kW of peak power and 3.2 Nm of peak torque

Optimised for REDLITHIUM™-ION HIGH OUTPUT™ batteries, delivering up to 150 cuts per charge with a 8.0Ah battery in 4" x 4" (102 x 102mm) cedar

Completes the demanding applications of petrol top handle chainsaws, without headaches associated with petrol engines
Onboard scrench storage

Variable speed trigger increases user control

Easy access chain tensioner allows for quick adjustments to the cutting system

Metal bucking spikes allow for increased leverage and control during applications

Climbing scabbard fully covers bucking spikes, locks on to saw, and has tie off points for aerial applications

Translucent oil reservoir allows for clear visibility to oil levels

No pull starts, low noise, no emissions when in use, no mixing petrol and oil, and no regular engine maintenance

Specifications:

RPM: 7,700

Bar Length: 12" (305mm)

Chain Gauge: 0.043" (1.1mm)

Chain Pitch: 0.325" (8.3mm) Low Profile

Drive Links: 51

Trigger: Variable Speed

Includes:

M18 FUEL™ 12" (305mm) Top Handle Chainsaw (Tool Only)

12" (305mm) Top Handle Chainsaw

Chain 12" (305mm) Top Handle Chainsaw

Bar

(2) M18™ REDLITHIUM™-ION HIGH OUTPUT™ 8.0Ah Battery

M12™ & M18™ Rapid Charger
