BOSCH 18V Brushless 13mm Hammer Drill Skin GSB 18V-85 C 0615990J9S

Tool configuration in the 18 Volt Class.

Personalised settings such as Kickback Control can be adjusted and saved via smartphone for adaptability to needs
Machine feedback and notifications like status changes and tool shut-downs are received by smartphone
Compatible with TrackMyTools the intelligent inventory management system from Bosch

Specifications

Torque (soft/hard/max.): 47/85/110 Nm

No-load speed (1st gear / 2nd gear): 0 - 480 / 0 - 2,100 rpm

Max. impact rate: 31,500 bpm

Chuck capacity, min./max.: 1.5 / 13 mm

Battery voltage: 18 V

Torque settings: 25+1

Max. drilling diameter in wood: 82 mm

Max. drilling diameter in steel: 13 mm

Max. drilling diameter in masonry: 16 mm

Max. screw diameter: 12 mm

BOSCH 18V 1/4inch Impact Driver Skin GDX 18V-210 C

0615990N1R

The GDX 18V-210 C is the world's only 2-in1 1/4" Impact Driver and 1/2" Impact Wrench. The brushless motor delivers 210Nm of fastening and 370Nm of breakaway torque and the 3 mode speed selection provides up to 4200 rpm to get jobs done faster, and the new fully connectable feature allows the user to customise settings in the Bosch Toolbox app to

precisely drive bolts and screws flush and avoid over-tightening or snapped screw heads. The compact design allows users to get into tight space without power reduction.

2-in1 - 1/4" Impact Driver & 1/2" Impact Wrench In ONE

3 speed settings provides excellent control

Belt Clip

2 default modes (self tapping & wood) further modes like metal and custom mode available via APP

Specifications

Impact rate (bpm): 0-2200/3400/4200

Torque: 0-100/140/210

Max breakaway torque (Nm): 370

Max tightening torque (Nm): 210

BOSCH 18V Brushless 125mm Angle Grinder Skin GWS 18V-10 06019J4002

The GWS 18V-10 Professional cordless small angle grinder offers an improved level of power and tool control in the 18 V category. It delivers cordless power equal to a 1,000 W corded grinder thanks to its powerful brushless motor and ProCORE18V technology. Equipped with Drop Control, KickBack Control, and intelligent brake system, this small angle grinder offers an increased level of user protection and convenience.

It features the world's first Drop Control function, which shuts the grinder off immediately when accidentally dropping it on the floor. This tool is suitable for cutting and grinding metal, stone, and concrete. It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System).

Features a keyless nut

Small angle grinder delivers power equal to a 1,000 W corded grinder via brushless motor and ProCORE18V battery

Increased level of user protection and convenience due to Drop Control, KickBack Control, and intelligent brake system

World's first Drop Control function shuts the tool off immediately after accidentally dropping it on the floor

Specifications

Battery voltage: 18V

No-load speed: 9,000rpm

Grinding/cutting disc, diameter: 125mm

BOSCH 18V 165mm Circular Saw Skin GKS 18V-57 06016C1240

The GKS 18V-57-2 is a compact size and has impressive performance thanks to its powerful brushless motor. As well as health protection and high dust-extraction efficiency thanks to easy-to-use external dust extraction with all BOSCH vacuum cleaners. Cordless optimized blade with fast cutting progress combined with maximized battery runtime.

Integrated Vac Adapter for easy maneuvering with attached vacuum hose - adapter is 360° rotatable and click and clean compatible

Optimised saw blade special designed for cordless saws to maximise battery runtime

Attachable rafter hook balanced tool hanging with an attachable rafter hook (after sales item)

LED and dust blower function - perfect view on saw blade and cutting line

Specifications

5000 rpm no-load speed

Cutting capacity at 90° - 57mm

hello@beyondtools.com

165mm blade size

Max bevel angle 50°

BOSCH 18V Brushless 26mm Rotary Hammer Skin GBH 18V-26 0611909000

50% more power with the impact force of a corded tool for fast, versatile use (compared to predecessor GBH 18 V-EC)

Increased user protection with KickBack Control (KBC) and better control with Electronic Precision Control (EPC)

Drill without dust thanks to the new integrated, optional GDE 18V-16 dust extraction system

Brushless EC motor: Compact, dust-protected, lightweight and absolutely maintenance-free

Vibration control: Decoupled handle for low user fatigue

Long run time: Up to 216 holes in concrete with only one battery charge (6 x 40 mm)

LED worklight: An optimum view of the work position

Ergonomic design: Best horizontal power transfer to the hole

Electronic cell protection (ECP): Protects the battery against overloading, overheating and deep discharge

Innovative COOLPACK batteries: Ensure optimum heat dissipation and therefore increase lifetime by up to 100% (cf. Li-ion batteries without COOLPACK)

No memory effect: the battery can be charged regardless of the charging state at any time, without damaging the cells

Fastest charging time: 80% of the battery is charged after 35 mins

BOSCH 18V 5.0Ah Lithium-Ion Battery 1600A001Z9

The new 5.0 Ah 18 V Bosch FatPack battery offers 25% more runtime (compared to Bosch 4.0 Ah) and more than 65% more runtime (compared to 3.0 Ah). CoolPack Design technology, including advanced heat conductive housing, keeps the battery cooler for 2X longer recharge life. Check the charge status quickly and easily using the integrated fuel gauge. These batteries are designed to work as hard as you, so working in cold weather down to 4°F is no issue. The BAT621 is compatible with all Bosch 18 V Lithium Ion power tools, radios and more.

Maximum run time 25% more run time (compared to Bosch 4.0 Ah)

Unique CoolPack Design advanced heat conductive housing keeps battery cooler, lives up to 2x longer

Integrated fuel gauge for fast and easy charge status

Cold weather operation battery will work down to 4°F

Durable housing survives 3 m drop

Flexible Power System™ works with all Bosch 18 V Lithium Ion tools

BOSCH 18V 4.0Ah Battery Charger GAL 18V-40 1600A019RN

The Bosch GAL 18V-40 gets users power ready with no downtime. This compact charger has a charging current of 4.0 amperes and features intelligent regulated dual-mode charging - the first 80% of charge is fast, remaining 20% in long-life mode to prolong the life of the battery. The new modern design features an error indicator, alerting users if charging is interrupted due to temperature and/or battery failures. The battery status indicator provides indication of charging mode and when charging is complete.

Optimised Charging Speed: 4.0ah Battery in 1 hour

Battery Status Indicator: Charging indicator lights show if battery is fast charging, in long-life mode or finished charging
