Part of our extensive laser accessory range, the 3,657mm (12') Telescoping Laser Pole is designed to provide a fast set-up and stable laser line. The Telescopic Laser Pole features threaded and telescoping sections for easy set-up and a secure fitment in interior environments. The quick-release laser pole clamp and reference marks allow users to effortlessly set lasers at the correct elevation, and the non-marring swivel top plate leaves no scuff marks. The lightweight, durable aluminium body ensures it will survive the jobsite, and the storage bag keeps it protected during transport. The MILWAUKEE® Telescoping Laser Pole is backed by a three-year limited warranty.

**Features:**

- Large clamp
- Magnetic attachment to clamp
- Threaded telescoping sections
