NVR safety switch

Large eye shields for added user safety Heavy duty tool rests

Fully Assembled

3 YEAR WARRANTY

PO362

The Multitool is a renowned, Australian designed belt grinding attachment which can be used on most bench grinders. The technology replaces the grinding wheel and converts a traditional grinder into a sophisticated work station ideal for sanding, grinding, sharpening, shaping, polishing and refinishing.

EFFICIENCY - Superior performance and a user friendly, toolless belt change in under 5 seconds.

VERSATILITY - Grinding, sanding or polishing in 4 positions on rubber contact wheel, platen, disc or free strapping. The unit can also be swivelled vertically or any position in between.

ACCURATE TRACKING - The running position of the belt is simple to adjust and it stays there, allowing for finishing into sharp corners.

QUALITY CONSTRUCTION - Robust, maintenance free with sealed ball bearings, hardened and ground essential components and zinc plating.

3 YEAR WARRANTY - Against faulty materials and workmanship, even when used commercially.
