Shipping Weight (Gross)	1.5 kg

TAPERED

Abbott & Ashby Spindles are used to attach mops and buffs. Suitable for 200mm bench grinders (Left & Ride Side) to allow our range of buffing mops etc to be used for the desired finish.

Easy to attach

Remove outer wheel guard, grinding wheel and inner guard from the side of the machine that you want to fit the tapered spindle

Screw on the tapered spindle noting that the internal thread of the spindle is counter bored to allow the spindle to cover the entire grinder shaft length

Carefully screw the buff onto the tapered spindle with the thickest flange facing inwards. Screw on as far as buff will reasonably fit

Turn on bench grinder and the buff will tighten further against the tapered spindle, to ensure your safety do not stand infront of
