Features

Ideal for cleaning where there are large volumes of dust and dirt at construction sites, in bodyshops and offices: With a 25 l container volume, the CLEANTEC CT 25 extracts dust, dirt and water.

Its design ensures that the full container volume can be used – for long periods of work without having to change the filter bag.

Equipped: Cleaning accessories already among the items included and stored in mobile dust extractor.

Mobile: Ideal for use on the go thanks to compact dimensions, low weight and robust chassis.

Surprisingly compact: And with a large container volume of 25 l.

Intuitive: Touch operation for simple control of the mobile dust extractor.

Adjustable: Suction power adjustment in five stages.

Flat storage area – ideal for storing working materials.

Clever: Simple replacement of the main filter from the outside.

Antistatic function: Prevents static developing during work.

Main applications

For cleaning offices, workshops, garages, motor vehicles and construction sites

Absorbing water
