Battery Voltage (V)	18V
Features	
Standard Inclusions	1 x (BL1830B-L) Makita 18V 3.0Ah Lithium Battery, 1 x (DC18SD) Makita 18V Standard Charger
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The 18V LXT 1/4" Sheet Finishing Sander (DBO480) delivers increased efficiency and mobility in sanding and finishing applications. The DBO480 features a two stage speed adjustment setting, superior ergonomics and up to 60 minutes of run time on a single 6.0Ah battery (battery sold separately). Match the speed to the application with either 11,000 or 14,000opm, which are easily changed with a one-touch electronic control switch. The large 1.5mm random orbit action is engineered for efficient sanding, fast material removal, and a swirl-free finish. The DBO480 uses quick-change 114 x 102mm hook-and-loop abrasive paper for increased versatility, and additionally comes standard with a triangular pad for increased access to corners and tight spaces.

Features:

Electronic 2 stage speed adjustment for a flawless finish
1.5mm orbit diameter for efficient removal of work piece material

2 interchangeable sanding pads, square & triangular

Reduced vibration in loaded operation for comfortable use

Benefits:

2 Stage Speed Control -push button control allows for 2 stage speed control in order to optimise the operating speed according to the finish requirements.

Low Vibration -Redesigned balancer reduces the tool vibration in loaded operation down only 2.0m/s².

Compatible With Various Bases -comes standard with 2 interchangeable sanding pads, square & triangular. Providing

23 Exhibition Drive, Malaga Western Australia

Monday - Friday 7am-5pm + Sat 8am-4pm

increased versatility when sanding in a variety of applications.

High Power -higher work efficiency than the AC equivalent (BO4556/ BO4565) in rough finish sanding applications.

Ergonomically Contoured Grip -Ergonomic grip design for comfortable use single handed, contoured to the palm of your hand for comfortable use in prolonged applications.

Dust Box / Vacuum Compatible -dust box provided as standard for extraction of dust during sanding. Extraction port can also be connected to a dust extraction system for efficient dust extraction.

Paper Clamp / Hook & Loop Fastening -compatible with use of both hook & loop style sanding sheets as well as standard sanding sheets split into quarters using the paper clamp
