BOSCH 18V GFR 18V-23 Brushcutter Skin 06008D1000

The GFR 18V-23 Professional is a cordless brush cutter with a powerful brushless motor for high performance, longer runtime and a longer service life. The engine speed can be manually adjusted to the current working conditions for optimal running time. The electronic speed control keeps the speed constant for an even cutting performance. The Bosch Anti-Tangle function ensures a smoother cutting progress by preventing long grass or weeds from wrapping around the shaft and blocking the tool. The well-balanced and lightweight design supports effortless work.

Powerful brushless motor ensures high performance, longer runtime and longer lifespan

Best work results thanks to electronic speed control for a constant cutting speed even under load

Faster and smoother trimming without clogging thanks to Bosch Anti-Tangle function

The well-balanced and lightweight construction supports effortless free cutting

Specifications

Sound pressure level: 76 dB(A)

Sound power level: 90 dB(A)

Uncertainty: K 3 Db

BOSCH 18V 5.0Ah Lithium-Ion Battery 1600A001Z9

The new 5.0 Ah 18 V Bosch FatPack battery offers 25% more runtime (compared to Bosch 4.0 Ah) and more than 65%

hello@beyondtools.com

more runtime (compared to 3.0 Ah). CoolPack Design technology, including advanced heat conductive housing, keeps the battery cooler for 2X longer recharge life. Check the charge status quickly and easily using the integrated fuel gauge. These batteries are designed to work as hard as you, so working in cold weather down to 4°F is no issue. The BAT621 is compatible with all Bosch 18 V Lithium Ion power tools, radios and more.

Maximum run time 25% more run time (compared to Bosch 4.0 Ah)

Unique CoolPack Design advanced heat conductive housing keeps battery cooler, lives up to 2x longer

Integrated fuel gauge for fast and easy charge status

Cold weather operation battery will work down to 4°F

Durable housing survives 3 m drop

Flexible Power System™ works with all Bosch 18 V Lithium Ion tools

BOSCH 18V 4.0Ah Battery Charger GAL 18V-40 1600A019RN

The Bosch GAL 18V-40 gets users power ready with no downtime. This compact charger has a charging current of 4.0 amperes and features intelligent regulated dual-mode charging - the first 80% of charge is fast, remaining 20% in long-life mode to prolong the life of the battery. The new modern design features an error indicator, alerting users if charging is interrupted due to temperature and/or battery failures. The battery status indicator provides indication of charging mode and when charging is complete.

Optimised Charging Speed: 4.0ah Battery in 1 hour

Battery Status Indicator: Charging indicator lights show if battery is fast charging, in long-life mode or finished charging

Compact design: Small and light charger designed to be convenient and portable

Compatible: Suitable for all Bosch Li-Ion batteries on the 18V platform
