The Milwaukee® 22oz Smooth Face Framing Hammer is designed from the ground-up to address common user frustrations with hammers currently available on the market, providing superior driving performance and reduced peak vibration. Constructed with a steel I-Beam Handle, the new hammer is designed to withstand the harshest jobsite use and a SHOCKSHIELD™ grip provides superior durability and vibration reduction. For added user benefit, the hammer features an anti-ring claw design which reduces noise and ringing when striking hardened objects, and a magnetic nail set to allow one handed nail setting.

Features:

Shockshield™ Handle - Reduced peak vibration

Durable Grip Construction

Magnetic Nail Set - one hand nail set

I-Beam Handle Construction - Assists to reduce bending in prying applications

Anti-Ring Claw - Reduced noise and ringing when striking hardened objects

Smooth Face - Reduced surface damage when striking

Straight Claw
