The Milwaukee® 22oz Smooth Face Framing Hammer is designed from the ground-up to address common user frustrations with hammers currently available on the market, providing superior driving performance and reduced peak vibration. Constructed with a steel I-Beam Handle, the new hammer is designed to withstand the harshest jobsite use and a SHOCKSHIELD™ grip provides superior durability and vibration reduction. For added user benefit, the hammer features an anti-ring claw design which reduces noise and ringing when striking hardened objects, and a magnetic nail set to allow one handed nail setting.

Features:

- Shockshield™ Handle - Reduced peak vibration
- Durable Grip Construction
- Magnetic Nail Set - one hand nail set
- I-Beam Handle Construction - Assists to reduce bending in prying applications
- Anti-Ring Claw - Reduced noise and ringing when striking hardened objects
- Smooth Face - Reduced surface damage when striking
- Straight Claw
