ARC is the first-ever multi-tool to include premium MagnaCut steel. The knife blade is made of CPM MagnaCut steel which maintains a sharp edge and excels in corrosion resistance, toughness, and ease of sharpening. The result is a knife blade that's perfect for everyday tasks as well as the harshest of environments. The DLC coating on the blade adds another layer of corrosion resistance. ARC also includes the highly-requested bit driver and thanks to FREE® technology, each feature opens smoothly and is 100% one-hand operable. With 20 tools, removable pocket clip, four-pocket nylon sheath, and eight double-ended bits, the durable, practical ARC sets the standard for now and the future for premium multi-tools.

- Features**
- BIT KIT COMPATIBILITY - Add capability and extra drivers. This multi-tool is compatible with our custom-made Bit Kit.
 - ALL LOCKING FEATURES - Every feature (except the plier head) locks into place, so you can use the tools safely and effectively.
 - ALL LOCKING OUTSIDE FEATURES - Easily access every feature on this multi-tool without opening it. They also lock and unlock for extra safety.
 - MADE IN THE USA - We build and manufacture all of our tools in Portland, Oregon.
 - REMOVABLE POCKET CLIP - Remove this pocket clip whenever you want.
 - PVD COATING - An ultra-thin, premium coating to add durability to your multi-tool.
