Packaging + Shipping	
Shipping Weight (Gross)	1.6 kg

The M18 FUEL™ QUIK-LOK™ Brushcutter Attachment is powered by the M18 FUEL™ Outdoor Power Head and is compatible with our M18 FUEL™ QUIK-LOK Attachment System. The Brushcutter Attachment utilises a 230mm (9") blade with a 4-tooth design, made to take on more demanding applications, and offers great material containment. Our QUIK-LOK Attachments feature protected drive shafts for increased durability against drops and storage elements. The Brushcutter Attachment also features optimised gearing to manage the cordless M18 FUEL™ Outdoor Power Head RPM output specifically for this attachment.

Features

QUIK-LOK connection attachment system allows for multiple attachments to be powered by a single power head. Lower cost of ownership in comparison to investing in dedicated tools for each application.

No Petrol Headaches.

No Pull Start and Engine maintenance saves the end user time and money.

Low noise for operator comfort across a prolong period of time.

Clearing overgrown grass, weeds, and brush and cutting down saplings.

Protected drive shaft for maximum durability against drops and storage elements.

Maximum Speed of 6,200 RPM when used with the M18™ Outdoor Power Head.
