Introducing the Hikoki Medium Tool Box, designed for small tools like Impact drivers and drills. This compact solution includes an accessory case for organising screws and small items efficiently. Enjoy immediate access to large tools externally through a convenient hooking plate. With stack latches on both sides, stability is ensured, preventing spills or damage during transit. Elevate your tool organization with this versatile Medium Tool Box, providing a secure and efficient solution for small tool storage and easy access on the job site.

Includes:

2 x 379495 Accessory Cases

Features:

Constructed to withstand harsh job site environments

The hooking plate allows you to attach your tools outside the box for immediate usage

Equipped with two stack latched on the left and right for securing the boxes together

Tightly sealed with large latches, keeping it safe from dust and rain
