Our 9PC Metric L-Style Hex Key Set with Ball Ends features the easiest access keys on the market. The pivoting holder with offset keys makes it quick and easy to grab the necessary size key. These allen keys withstand more torque and extend the life of the tool in the toughest jobsite conditions. The holder and keys have long-lasting, high-contrast markings for quick size identification. With a ball end, the hex keys are able to easily access fasteners even when at a difficult angle. The pivoting holder with a hang hole makes transportation and storage simple. The Milwaukee® 9PC Metric L-Style Hex Key Set with Ball Ends is backed by our Limited Lifetime Warranty.

Features

- Easiest Key Access: Pivoting Holder and Offset Keys
- High-Contrast Markings for Easy ID
