Overview

Our Milwaukee® USA Made Dipped Grip 228mm (9") Lineman's Pliers with Crimper deliver the easiest cuts and a lasting edge. Our pliers are designed with an optimised pivot point to provide the best leverage for tough cuts through materials. Our Lineman's cutting pliers deliver the confidence of a long cut life and maximum grip with laser-hardened edges and teeth. Our Lineman's Pliers are engineered to deliver the smoothest open and close experience from the start, with no break-in period required. Our pliers include an integrated crimper for insulated and non-insulated terminals and #6 and #8 bolt cutters. For additional versatility, our Lineman's Pliers also include a reaming head for 12.7mm (½") to 25.4mm (1") conduit and a straight fish tape puller. Our Milwaukee Lineman's Pliers are made in USA with best-in-class manufacturing technology and USA sourced materials, including durable, press-forged steel, and are backed by a complete Lifetime Guarantee.
