Our Self-Adjusting Wire Stripper offers quick, versatile wire stripping of 0.50 - 6mm² (10-20 AWG) solid & 0.34 - 4.0mm² (12-22 AWG) stranded wires and 12/2 and 14/2 non-metallic cable. This tool delivers fast strips, quickly self-adjustment to strip a non-metallic cable or multiple wires in a single pass. The adjustable dials control the tension of the jaws depending on the size of the wire being stripped and holds the adjustable stop in place to control the overall length of the core strip. The built in cutter is positioned under the pivot for leverage on cuts, and can cut up to 12/2 NM cable in a single pass. The MILWAUKEE® Self-Adjusting Wire Stripper is backed by our Limited Lifetime Warranty.
