The Compact Electrician's Work Pouch is designed to provide storage solutions for the essential tools needed throughout the work day. This pouch features 1680D ballistic material construction which provides up to 5x longer life. The Compact Electrician's Work Pouch provides users with 13 pockets to organise their tools and incorporates a solid base that allows the pouch to remain upright when set on a flat surface. The integrated handle allows the bag to be easily transported from and task to task and the incorporated belt slot allows the pouch to fit onto belts up to 3" wide.
