## 7KVA UTILITY GENERATOR WHXC7000 BY WESTINGHOUSE

SKU	Option	Part #	Price
9000438		WHXC7000	\$1859

Model	
Type	Utility Generator
SKU	9000438
Part Number	WHXC7000
Barcode	855464003339
Brand	WestingHouse
Technical - Main	
Power Source	Unleaded Petrol
Battery Voltage (V)	240V
Dimensions	
Product Weight (Net Weight)	80 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Westinghouse Utility Series generators are compact, high performance units designed specifically for Australian operating conditions. Equipped with a unique combination of premium quality features, they offer superior value for money and are an ideal backup power supply for your home, business or farm.

**Features:**

- Reliable Performance** High output and fuel efficient Westinghouse 357 cc 4-stroke overhead valve petrol engine.
- Quiet Operation** Oversized Pulse-Flo muffler and anti-vibration rubber mounts ensure low noise output.
- Long Running** Extended run time from the long range 25 litre fuel tank with integrated gauge and strainer.
- Safety Protection** Electrical overload circuit breakers and low engine oil level shutdown safeguards.
- Stable Power** Digital AVR controlled sine wave output for precise and stable electricity supply.
- Premium Features** Keyless electric start, copper wound alternator, steel roll frame and Never-Flat wheels.
- Clean Air Technology** Compliant with Australian and US EPA emissions standards to minimise environmental impact.
- Easy To Use** Yellow-coloured touch points guide you to the controls required for normal operation.
- Plug and Play** Everything you need is in the box. Just add petrol. Minor assembly required.
- Warranty Protection** 2-year domestic use warranty to safeguard your investment (conditions apply).

**Specifications:**

- 7,000 Starting Watts / 5,500 Running Watts
- 357 cc Westinghouse 4-Stroke OHV Petrol Engine
- 15.3 Hours Run Time @ 50% Output with 25 Litre Fuel Tank
- Dual 240 Volt AC Outlets and a 12 Volt DC Outlet
- VFT Meter Displays Voltage, Frequency and Run Time
- Digital Auto Voltage Regulator "Stable Power Output"
- Compliant with Australian and US Emissions Standards
- Quiet Running "Only 80 dB(A) at 100% Output"
- Plug & Play "Just Add Petrol, Minor Assembly Required"
