Packaging + Shipping	
Shipping Weight (Gross)	0.3 kg

Go hands-free or hands-on with the brightest headlamp in our XPH line. Built to be worn or held in your hand, the COAST XPH34R peaks at 2075 lumens on Turbo Mode and features a dust-resistant and storm proof aluminum body that rolls in its bracket for directional lighting and also detaches to become a full-featured flashlight with a magnetic tail cap and built-in power indicator. The COAST-patented PURE BEAM® optical system with TWIST FOCUS™ enables seamless transitions between ULTRA VIEW FLOOD BEAM and BULLS-EYE™ Spot Beam. For versatility on the job, this Rechargeable Dual Power flashlight runs on a COAST ZITHION-X™ rechargeable battery (charging cable included) but can also operate on disposable lithium or alkaline batteries (purchased separately)—creating a go-anywhere lighting solution featuring the patented PURE BEAM® system and TWIST FOCUS™ optic for seamless transitions between Ultra View Flood Beam and BULLS-EYE™ Spot Beam.
