Product Weight (Net Weight)	335 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

This "**TradeQuip "Made for the Trade"** 45,000kg Hydraulic Workshop Press is perfect for straightening, stamping, bending and pressing any component that is hard to handle. With it's very wide 826mm bed width and 195mm inside bed gap this press becomes one of the most diverse Workshop Press in the TradeQuip range. The ram is powered by a manual two-speed pump, and the non-slip bed winch features a steel cable roller for easy raising and lowering of the press bed. "**TradeQuip "Made for the Trade"** Hydraulic Workshop Presses are available in a variety of capacities and sizes. The all-welded steel press frames are designed for maximum strength, reliability and durability, provide optimum rigidity to prevent flexing under maximum load. These strong frames and powerful high-pressure hydraulics will provide years of dependable service in most industrial applications. When components need to be removed or assembled, "**TradeQuip "Made for the Trade"** hydraulic presses deliver the controlled power to safely remove and install bearings, gears, U-joints, bushings, ball joints and pulleys with precision and versatility! **Features:**

- Heavy-duty high-grade steel frame
- 100mm pressure gauge
- Bed winch for easy raise and lower adjustment
- Lead-free paint finish to help prevent rust
- Paint is oil, grease and dirt-resistant
- Hand winch for fast height adjustment

**Specifications:**

**23 Exhibition Drive, Malaga Western Australia**

Monday - Friday 7am-5pm + Sat 8am-4pm
