## 7/16 X 1/2" RING SPANNER IMPERIAL K3298 BY KINCROME

SKU	Option	Part #	Price
9300403		K3298	\$26.95

Model	
Type	Spanners / Spanner Set
SKU	9300403
Part Number	K3298
Barcode	9312753922685
Brand	Kincrome
Size	7/16 x 1/2"
Technical - Main	
Finish	Mirror Polish
Imperial (SAE) / Metric / Torx	Imperial (SAE)
Material	Chrome Vanadium Steel (Cr-V)
Offset (Degrees)	45
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The range of Kincrome Spanners which has undergone exhaustive independent testing, is now 80% stronger than the ASME (American Society of Mechanical Engineers Standard) and 130% stronger than the German DIN standard. The stronger, lighter and greatly enhanced quality of the Kincrome spanner range leaves many name brand competitors in its wake.

Features include a thinner head allowing the spanner to reach tighter areas, a rounder shaft for a more comfortable grip when applying greater torque, a lighter weight, and the shorter length decreases radial movement by up to 20%.

Construction of the range is from forged Chrome Vanadium Steel (Cr-V) hardened, tempered and chrome plated with a slight satin finish for corrosion protection. Increased Molybdenum Manganese and Nickel content provide greater strength and corrosion resistance.
