### Combination Thread Repair Kit 1025 by Nes,

**Manufactured in Israel** Nes combination universal thread repair set for both internal and external threads. There is no need to carry a wide arrangement of taps and dies, instead the Nes 1025 will cover all the threads that need to be repaired, replacing thousands of taps and dies. Features:- Quickly Adjustable to any thread diameter and pitch within the size range indicated on the tool

Applicable to all kinds of thread - inch, metric, right hand, left hand, fine or coarse (Blades are also available for a fine or coarse pitch).

A major advantage over taps is the ability to enter below the first damaged grooves - often at the start of the thread - and work in an outward direction

The blades made of hardened cutting tools steel (62/58RC Int/Ext) guided by the existing undamaged thread to regroove the damaged section

No Measuring is required

Ideal for:-

Truck & Tractors

Industrial Maintenance in all industries

Shipyard, Marine & Offshore

Standard Accessories:-

External:

Nes 1A RK1 60 °

[Nes 2](#) RK2 60 °
