Shipping Weight (Gross)	1.48 kg

Description

KINCROME's range of X-Force Pliers are designed to cater to the industrial or automotive professional.

Each plier is manufactured from forged Chrome Nickel Steel (Cr-Ni) with hardened & precision machined jaws, and features a Hi-Leverage pivot pin design for twice the cutting and grip power of conventional pliers, which makes it incredibly easy to handle and cut thicker materials. Each plier also features triple injection moulded soft grip handles for increased ergonomics and reduced fatigue.

Features

- Hardened Jaws & Hi-Leverage pivoting pin = extreme cutting power! Try it and see for yourself!
- Hi-Leverage pivot pin design for twice the cutting and grip power of conventional pliers
- Forged Chrome Nickel Steel Head
- Tough hardened jaws
- Triple injection moulded soft grip handles
