Shipping Weight (Gross)	1.48 kg

1/2" Double Ended Masterflute Bowl Gouge HCTDE1/2 by Hamlet, Manufactured in Sheffield

Double ended bowl gouges made for use with the Multi-Handle system - one end a standard bowl gouge, and the other a masterflute bowl gouge. Made of quality M2 high speed steel. **Please note:** sizing of bowl gouges is historically based on the flute width. However, as bowl gouges are now made from round bar stock the old measurements don't make as much sense in determining it's size.
