Secateur developed according to the scientific ERGO™ process

PXR is a PX with a rotating lower handle also covered with soft material

Rotating handle increases performance, designed for very frequent use

Features:

Maximum comfort with minimum effort due to the ergonomic design

Less fatigue and discomfort thanks to the inclinations of the cutting head and rotating bottom handle

Increased comfort with the elastomer coated flowing shaped handles

Reduced friction and sticking due to the hollow inner face on the blade

Blade stays sharp longer due to the grinding operation used
