Type	Circular Saw Blade
SKU	9303033
Part Number	48404070
Barcode	045242233786
Brand	Milwaukee
Size	135mm (5-3/8")
Technical - Main	
Teeth	30T
Technical - Saw	
Blade (Main) - Bore Size (mm)	20mm
Blade (Main) - Diameter (Max.)	135 mm
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

MetalTech™ circular saw blades were specifically designed to exceed the expectations of contractors for blade life, cut quality, and speed in the most demanding metal cutting applications – without a lubricant. A hand-tensioned, hardened alloy steel body extends blade life and delivers the highest quality cuts available. Carbide tipped teeth with Alternate Top Bevel grind shear through metal leaving burr-free, cool-to-touch cuts. Designed for use with the M18™ Cordless 135mm (5-3/8") Metal Saw, these blades feature a thin kerf that reduces the amount of drag and resistance while cutting, resulting in more cuts per charge. **Features:** Dry - No lubricant required, saving time and money with less mess

Cool - No extreme heat buildup preserves blade life and allows handling the work piece immediately

Clean - No burrs eliminates secondary operations saving time and money

Lasts up to 25x longer than abrasive blades
