Well organised storage with the Bosch Mobility System. Compact design allows for space-saving storage of tools, small items, and accessories inside one unit. Combination of a regular L-BOXX 136 and space for up to 2 i-BOXXes or LS-Trays for fast access to stored equipment. Fully flexible transport and storage: compatible with L-BOXX. The LS-BOXX 306 provides well-organised storage in line with the Bosch Mobility System. The compact design allows for space-saving storage of tools, small items, and accessories inside one unit. With a combination of a regular L-BOXX 136 and space for up to 2 i-BOXXes or LS-Trays, fast access to stored equipment is made possible. For fully flexible transport and storage, it is suitable for use with L-BOXX variants and tool inlays, as well as with the Sortimo in-vehicle system. It is compatible with the Sortimo in-vehicle system, Aluminium Caddy, L-BOXX Roller, L-BOXX 136, i-BOXX 53, i-BOXX 72, LS-Tray 92, and the LS-Tray 72.

**Includes:-** The LS-BOXX 306 also features a click connection and an optional lock function. It has a top-load capacity of up to 100 kg, an in-box load capacity of up to 25 kg, and a tensile strength of 50 kg.
