Kinchrome 20,000kg Air Hydraulic Bottle Jacks are designed for heavy commercial use and ideal for automotive & truck repair. Featuring a fast and efficient air pump which can significantly reduce lifting times, but also features a traditional hydraulic pump with handles in the instances a compressor is not accessible. It includes a convenient 1250mm air hose with a 6mm x 18NPT air valve and inlet, as well as a host of features such as an adjustable saddle, side carry handle and auto lock button.

Features:

Ideal for automotive and truck repair/maintenance

Includes 1250mm air hose for industrial use

Two style operation: air and hydraulic (includes handles for hydraulic operation)

Air valve and inlet: 6mm x 18NPT

Height adjustable saddle

Auto lock button

Convenient side carry handle

Suitable for workshop and roadside use

Use with standard truck air or portable compressor
