A comprehensive and portable toolkit for the mechanic, electrician or other trades professionals. Featuring tools for both metric and American fractions, there will be very few fasteners you won't be able to handle with this set.

This kit features a selection of our ultra reliable, durable and hard-wearing hand tools, including:

- drive sockets and accessories
- ring and open ended spanners
- hex keys
- screwdrivers
- a number of valuable accessories to make your kit complete (see below for full list of inclusions)

The sturdy toolbox features five smooth-hinged cantilever trays, meaning you can easily swivel each tray to find the tool you want as quickly as possible.

Each tool has a snug location for its home, meaning you can easily see when a tool is missing. The clever layout makes the most of every square centimetre, meaning the kit stays as light weight and portable as possible. The sturdy handle is kind on your grip so you can carry it with ease from project to project.

Enjoy the confidence of knowing that your tools are manufactured to the highest SIDCHROME standards — that means A-grade materials, design and quality, built for the specific and demanding circumstances that trade professionals face every day. If you expect nothing but the best workmanship, efficiency, innovation and durability, this toolkit delivers tools you can trust.

Kit includes:

- 1/2" Drive Sockets & Accessories
 18 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 23, 24, 26, 27, 30, 32mm
