Shipping Weight (Gross)	0.3 kg

About this item:

13 Piece Bright HSS Twist Refill Set

Bordo Fractional Quick Silver M2-HSS Twist Drills.

ANSI B94-11

118° Split Point (crankshaft point).

Split point is self centering and reduces the need for end thrust. Friction at workpiece is reduced.

118° point angles are ideal for use in materials such as mild steel and cast iron.

The 118° point creates easily controlled chips which are wide and thin.

Bright Finish Twist Drills have no surface treatment and are supplied in the as-ground condition.
