Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The M18 FORCE LOGIC 75mm (3") Underground Cable Cutter with Wireless Remote is the Smartest Way to Cut. Milwaukee removes the physical connection to the tool allowing Linemen to cut up to 760mm² Copper 15kV WIRELESSLY. The wireless remote communicates with the tool via a mutually exclusive connection, eliminating the potential for other smart devices to connect to the tool. After set-up, Linemen can arm the remote cutter and move away from the cutting area. A green LED on the wireless remote gives positive indication that the tool is done cutting. Milwaukee delivers a safer way to cut remotely. The M18 FORCE LOGIC 75mm (3") Underground Cable Cutter with Wireless Remote easily converts from Local to Remote cutting mode. Its balanced design, handle and hang hook enable easiest set-up in vaults. The open jaw design provides easiest access in trenches. Whether cutting remote or local, Milwaukee delivers an optimised cutting experience. The M18 FORCE LOGIC 75mm (3") Underground Cable Cutter with Wireless Remote features a fully enclosed high speed hydraulic pump, Brushless Motor, REDLINK Electronics and REDLITHIUM Battery delivering ultimate reliability in the toughest conditions. Featuring Milwaukee® ONE KEY Technology, view tool usage, receive notifications for recommended maintenance and sync information wirelessly to the cloud **Features:**

Wireless remote communicates with the tool via a mutually exclusive Bluetooth connection, removing and physical
