### LOK-ON

**World Class Socket Sets**Kincrome LOK-ON Sockets, Sets and Accessories have been engineered beyond world-class benchmarks, exceeding all international torque and lifetime standards. Offering unique patented features such as the LOK-ON Socket's ability to loosen up to 85% rounded/damaged fasteners, the LOK-ON range has been developed with both function and style in mind. Each component within the LOK-ON range includes features above and beyond the market's expectation, setting a new benchmark for the professional quality tool industry.

#### DESCRIPTION

LOK-ON Sets are engineered beyond world class benchmarks, exceeding all international and lifetime standards. The 43 Piece LOK-ON Socket and Bit set includes 10 1/4" Drive metric LOK-ON sockets, 4 LOK-ON accessories, a quick release coupler and 28 colour coded driver bits in a variety of drive types (Phillips, Hex, Torx and T/P Torx) The LOK-ON Socket and Bit sets features an inner lid injection and bit racks designed 100% in house and lower EVA tray making this a unique one of a kind product. LOK-ON sockets are manufactured for industrial grade Chrome Vanadium (40 Cr-V2) are designed to loosen up to 85% rounded fasteners. LOK-ON driver bits feature colour bands for easy drive type identification. They are manufactured from industrial grade S2 steel and are chrome plated for superior corrosion protection.
