Part Number	IR85
Barcode	8803005329150
Brand	Komelon
Packaging + Shipping	
Shipping Weight (Gross)	0.55 kg

The Komelon 8m x 25mm INOX Rubber Stainless Steel Tape is perfect for use under wet and dry work environments such as sewage, harbour construction, marble masonry, tunnels and underground construction.

The basic structure of the blade consists of a stainless steel construction, treated with an anti-rust phosphate surface treatment. The scale is a strong adherent baked/heathen painting coated with nylon and a tough embossed finish. The Komelon nylon coating is permanently bonded to the entire blade for its maximum protection. The blade is also a non-glare silver surface.

All stainless steel for improved rust resistance

Nylon coating helps provides protection for the scale

Impact absorbing rubber protects case and button
