The new Systainer³ generation enables you to be more mobile than ever before. Festool, TANOS and bott have collaboratively developed a mobility system that brings the workshop and the construction site closer together. It is perfectly integrated into Bott vario3 vehicle equipment, allowing you to safely deploy the familiar arrangement and simple handling that you are used to from the Systainer system in your vehicle as well.

Can be connected to one another and to different generations

Compatible with transport systems and mobile dust extractors

Enable organisation, an overview and professional appearance
