DESCRIPTION

Kinchrome Multi-Function Wire Strippers feature 6 functions in a single versatile tool.

Perfect for most electrical installations and fit-outs, this is a tool that every professional should keep in their tool belt!

The jaws feature needle nose pliers and wire stripping ports for clean and consistent stripping of wire up to 20awg,

The reaming head design allows for smoothing out rough edges on metal pipe or conduit up to 25mm.

The sharp blade at the base of the jaws allows for effortless and clean cutting of wire.

The pivot point incorporates holes that can be used to cut #6 & #8 bolts to length, which are commonly used for conduit and junction boxes.

There is a built in spring for easy use in all scenarios and a handy locking switch that allows for single handed operation.

FEATURES

- Needle nose pliers
- #6 & #8 bolt cutter
- Wire Stripping (8-18awg Solid, 10-20awg Stranded)
- Reaming head (up to 25mm)
